(9) Though elaborate rules have been framed for the proper management of these Charities (vide Flag T), they do not appear to be rigorously followed, with the result that the lady manager has apparently become the sole decider, giving cause for complaint. There appears also to have been no adequate supervision by either the Dn or the Mugavai depts. The remedy is that the Charities consist of both religious and educational institutions & these are in the charge of two different depts., viz. the same committee sanctioned for both

(10) Recently, Govt have approved of certain revised rules for the management of orphanages etc (Flag Z) It seems desirable to apply these rules to the orphanage included in the above Charities. The Mugavai Commr on consultation with the Dn may, perhaps, consider the question of revising the rules of the Charities & frame a scheme for

by rules framed by the same Department. Of the three Institutions, it is only the first that gets a cash grant from the Muzrai Department now and in view of this, it is possible, and desirable ultimately to bifurcate the temple from the other component parts, and place the orphanage and Reading Room under the control and supervision of the Education Department.

2. But as the present condition of the institutions is due to the exertions of the late Mr.Gopalacharlu, and his widow Mrs. Singamma, who is evincing a keen interest, albeit the minor irregularities that have been brought to notice, her sentiments may, I think, be respected, and she may be continued as the manager during her life-time or as long as she is able to -- manage the institutions efficiently, ~~and it is not desirable to change the present management.~~ The charities may be administered as heretofore as one unit, on the present basis, but with better scrutiny of admissions to the orphanage, and more frequent inspections by the Muzrai and Education Departments.

3. With this end in view, it is very necessary to reconstitute the committee of management at once, as the present one is not functioning satisfactorily. The Deputy Commissioner Bangalore District ~~would~~ may as heretofore be the President of the committee, and the Municipal Commissioner Bangalore City, and an officer of the Education Department to be selected by the D.P.I. ~~should~~ may be on the committee as also the Manager, the rest of the members say 5 being selected by the Muzrai Commissioner. It is desirable to restrict the committee to a maximum of 9 members as

as an unwieldy committee is more difficult to meet -- and less effective in working.

4. One of the Muzrai Auditors will be immediately deputed to audit the accounts of the charities, and a report will be submitted in due course.

Sri Sriniwasa Mandiram Charities

Since the death of the Manager, Mrs Sarigamma, the affairs of the institution have got into a mess. I understand Govt. have a right to appoint two members on the Managing Committee. It has not been done after the resignation of the last two members, who left the Committee as they were not satisfied with the way in which things were managed.

D.C. has control over the institution, which is classed as a Mugrai institution, but he seems to take no interest in the matter.

The following are the main proposals of the Mc on which orders are solicited:—

(1) Transferring the several deposits held by the Institution in Banks & Coopera tive Societies to the name of the Committee to first, the interest thereon being paid to the Manager for the maintenance of the Charities.

(2) Appointment by first of a Committee for a period of 3 to 5 years for the management of the Charities:- (Names proposed in the margin of para 2 v fwd)

(3) Nomination by first of the President who should be a non-official — Mr. Belur Srinivasangar to be the first non-official President.

(4) Appointment of a whole-time Manager with suitable Secretary, to work under the direction of the Hony: President, subject to the general supervision of the Committee.

(5) Fixing a scale of expenditure for the Institution — (A scale of Income & Expenditure may perhaps be fixed)

(6) Auditing the accounts Every year

13/7/32

The M.C. is not in favour of the management being taken to Govt as suggested by the D.C. - may perhaps be approved.

As regards the Committee to be by Govt he has no objection and this may be approved.

As regards the personnel of the Committee it seems very necessary that the Medical Dept and the Surgical Dept should be represented - In the proposals provision is made for the D. Govt officer to be on the Committee. The desirability of having the M.S. Commr on the Committee instead of having one member to be elected by the M.S. may perhaps be considered - No provision is made for a Surgical officer - The S.D.O. or the Surgical to the R.C. or the Auditor may perhaps be nominated. In that case one of the names suggested will have to be omitted.

The proposal of the M.C. to appoint Mr. Belur Srinivasa Iyengar, as the first Non-official President, subject to his working under the rules may perhaps be approved.

As regards a whole time Manager

No appn seems necessary. The proposal of the Dte may be accepted in this behalf.

The other proposals of the Dte. & Govt. are all in order & may be accepted.

16/7/32

All the proposals of the Muzrai Commissioner are well-considered and they may be approved with one or two modifications. As stated by him, it is not desirable that the management should be taken over under the direct control of Government. It is best to entrust the management ~~of~~ to a Committee appointed by Government, ~~and~~ working under the rules approved by them. The rules sanctioned in the G.O. dated

NOTE—Contn. Sheet

WD 02553—50,000—GPB—8-7-33

11th June 1918 are appropriate except in one or two respects where some modification is necessary owing to altered conditions: e.g., Rule 5.

67 All the charities have so far been worked as one concern and it is best to continue this arrangement and not split up the institution into its three branches of temple, ~~xx~~ orphanage, and, reading room and library.

It is not necessary or desirable to have on the committee either ~~the~~ (a) Educational Officer or an officer of the Muzrai Department. The institution is under the control of the Muzrai Department and officers of that Department should be free to perform their supervisory functions. There is an Orphanage attached to the instituion and its administration is subject to the supervision of the Education Department. It is, therefore, not desirable to have an Education (al) Officer also on the committee. The Education Department should bring the Orphanage branch of the institution under its inspection as in the case of other orphanages in receipt of Government aid. In place of the Educational officer, Mr. S. Rajagopalaiengar BA BL and who was recommended by the late Manage who is a resident of Palepet, may be appointed as one of the members. The Muzrai Commissioner may ascertain if the lady and gentlemen proposed to be appointed as members, are agreeable to serve on the Committee, and if so, he may notify their appointment as Members of the Committee constituted for a period of three years in the first instance.

***

I hear that your good-self paid a visit to the Institution, perhaps with a view to inspect its activities. I regret that I did not know your august presence will grace this end of this city. The lady-Manager, residing in the very premises belonging to the Orphans, that is, in the Orphanage itself, and the President Mr: M.Chengiah Chetty and a few other. Honarary Committee Members might have given you their versions with a view to get more favours from you, Government and the Public. In addition to what all the facilities that the concern has been receiving at the hands of our benign Government in the shape of monthly grants-in-aid under different causes and also occasional payments made for raising buildings and to maintain the old ones by repairs and color washes. This much as an Officer of long service your good-self may be aware of.

2. My main object of this letter is to place before your noble - self the actualities of the above work and what part the lady-Manager has been taking up since the demise of her husband Janopakari A. Gopala Charlu and how the Committee Members and its president Mr. Chettia have been combinedly sheilding the several unpardonable mistakes, misappropriations, and misrepresentations made by the former and how bold she has been to assert and say that the houses belonged to minors and my poor-self have been

gifted away by her and her husband while alive while these are not the right owners either by title deeds or by adverse possession.

3. President Mr: Chettiar.----- 2) is residing at a considerable distance from the Institution , has - very many avocations----such as Light Railway Company., Live Stock Company., Limited., etc., etc., and does not find time to supervise the management of the lady and to deal with the admissions and dismissals or discharges of the Orphons into the Orphonage and out of it. Mr: Chettiar has been on the Committee from the very creation of Government Scheme in the Muzrai Department some years ago. It is very creditable that he in his ripe age takes a lively interest to promote the usefulness of the concern and to give a new impetus to it to the Government and the public by means of reports prepared by her and biagraphy of late founder , which are I dare say , showing what is not at all true. In his (Mr: Chettiars) zeal and enthusiasm of frenzy nature he forgets or over-looks the sin-ful action of the lady- Manager and always cares to mind hearing her version and give undue weight on the false representations of the lady.

4. The other memberss on the Committee have been ever changing with the exception of a couple who are on the Committee from the begining. Many members have resigned till now were not satisfied on the maintenance of accounts , 3) the non-conduct of rituals in the temple as per injunctions of His Holiness Sri Thotadri Swamy, who consecrated it, the utmost negligence bestowed to the development and usefulness of the library, the unique

4/unique manner adapted in admitting boys that are in every way undeserving and entertaining aged boys against the proceedings of Government and also entertain aged girls in the mid of adult - boys, dismiss or readmit according to the whims and fancy of the lady-Manager, not having means of handling with previous records and accounts and lastly the fear of explaining to the Government and the Public about the vast difference in figures when compared impartially with the actualities. It is in very rare instances that a quorum will be formed in the Institutions monthly or special meetings. The Members including its president are not at all having the slightest chance to know the interior management of the Institution and much less the ulterior intention of the lady-in-charge.

5. In order to give your noble-self such ever-running miserable affairs for consideration and disposal, I would propose to deal hereunder section by section and try to be lucid and brief as far as possible as to how and how far misrepresentations by interested and one-sided-persons have actually blinded the Government and its Officers who happen to pay their visits on inspection or otherwise, in order to get promotion of grants and to get help to acquire the neighbouring houses under charitable views of a quite pseudoic nature , and I would request your kind-self to pay your particular attention to influences that may be intervening between this and their motives.---

i. Temple.--- no orderly worship has ever been in ever since the demise of its founder. Mantra, tantra and kriya have been totally forgotten and no member came forward to see to this up till now.

ii. The Orphanage.--- I regret to bring to your knowledge that there are no orph ns in this section. Almost all boys have houses of their own, parents or the nearest relatives in affluence in this very city and a few boys from moffusil places own lands and pay assessments to government. It is a rarity to find real orphans from among Hindus unless they give up caste and be forced to enter either Christian or Islamic orphanages . To show you a strking proof of this statement, I would invite your attention to the list of orphans forwarded with the grant-in-aid bills for a year and try to find out what changes of names on the roll have been effected. It is a novelty to find that a boy or ~~boys~~ a girl come in as deserving orphan into the orphanage and get his parents back and become an undeserving lad or girl the very next month. I need hardly say that the Parents or relatives of the boy find the many hardships to be encountered by the boy and take up again to them. Such instances may be found from the careful perusal of the list of boys named above. I regret, any-how , to find that no Officer, who visited this mismanaged Institution, cared to enquire the boys as to their dead or living parents and the worth of them and whether the boys are at all deserving to be taken as orphans on their own individual statements so taken. Even boys having properties, quite independent, in their names have been considered as deserving orphans and even after taking a wife.

iii. Orphanage Building.--- the foundation stone facing north in the interior compound of the temple mentions the laudable cause in glittering letters, but has been occupied the whole of the downstairs by the kind-hearted lady-manager while shoving all the boys into the kitchen room with their kits giving a fair occasion to spend nights not to have rest.

Orphanage Building continued.--- One room down as ever been made as a kitchen to the lady-in-charge and another as a bed-room and another a store-room and another a box-room and an upstairs one room has been given away to the head-boy , another room given for a combined use of the ~~-temple-~~peon and a brother of a supposed orphan boy son of a late Amildar who was for a year i.e., the third year course to take up his degree as there was not that Subject at Mysore but owned house and property there and equipped sufficiently. In consideration of such a boy passing from the Institution his brother Visveswar has been given the privilege of using this electric lighted room on the upstairs to an indefinite period . Coming to the question of feeding, the founder was getting the meals prepared in the temple and distribute it to orphans after offering such food to God in the temple and to serve them in the temple hall which was built with this intention. Now these boys have been made to run to an opposite house --- a low mud-roofed house day and night in the heavy rains and the pitch of darkness without any light whatsoever and take the meals served by a woman in six-annas lamp light to serve twenty boys in different batches within the enclosure by a screen and four pillars of the house which shade the flimsy- sort ~~ser~~ of light abovenamed are in the midst of shadings of the pillars. No hony ~~+~~ members who are for name sake on the roll care to know how they are fed and what conveniences offered. Such is the reality under which these so-called orphans pass their days and not pass their classes. Many an intelligent boy has been made a coffee club boy by the ~~five~~ customers. If asked , proof will be rendered to the very letter of this paragraph.

iv. The Library.--- The object ~~sheet~~ sheet of this shows to any as a very laudable and a useful section. For the last twelve years and even more an actogenarian

-Librarian

Librarian--- a Librarian not knowing the very English alphabets nay the dates on the Newspapers was engaged and he served to no purpose except demanding signatures from the reading visitors into his book kept in the vestibule. I need not say that he was not able to supply books that are in glass cases for the free use of the reading visitors and to supply reference books as demanded. Though the activity of this section has been in force for the last four decades yet there is not a catalogue of books made uptill now. The book shelves have not been kept open either to the public or even exposed to the light air and sun and dusted. All the presentation books from the Mysore Government Library have been taken out by some unknowns and some valuable records presented by the British Government have been taken out and sold to druggists as worn-eaten ones. A special grant of Rs 25/- granted by government for the purchase of books has not been utilised for such. No standard work of literature, Science and Philosophy has been purchased ever since the demise of its founder. A healthy pensioner may kindly be instated as Librarian and made to keep accounts of the Institution. also & this avoid too many on the Establishment.

v. The Ladies Association.--- The meetings of this section were regularly convened in the above Library to the detrement of the reading visitors every now and then, but now relieved being dead almost as its prominent and wealthy members found their own in the extensions. It is this organ that has made me give up my thirty five years'identification with the Institution and has even made me give up my educational career in toto and my very many promising appointments here and elsewhere. It may not be out of place to let your good-self know that I was manager of the whole Institution while its founder was alive and been made as his successor by him recognised by Government allowing me to draw grants-in-aid

grants-in-aid and collect contributions from Public and be responsible to both rendering accounts month by month and show an abstract of ~~his~~ receipts and expenditure in the annual reports. The enthusiasts of the lady-Manager and Mr: Chettiar are going on ahead with the construction of a building opposite the Mandiram on a site not belonging to them. These are going on ~~on~~ the strength of a gift deed of **houses** (two) given for the benefit of the charities though her late husband and heirs if new quite well that they do not at all belong to them either by title deeds of by possession. There are minors living in the Moffusil to claim the houses in course of their attaining their age. The father of the minor petitioned the Amildar of Bannalore to send it on to the Muzrai Commissioner mentioning therein that he and his sons have got undisputed rights on the said two houses which Mrs. and Mr: do not the charities have right whatsoever to give as gift to charities while they are not theirs. In this connection a notice from a lawyer was sent to him threatening ~~to~~ sue him for damages and ~~he~~ his replied that he could prove in any court all that he mentioned in his petition to the Muzrai Department.

6.. In conclusion, I would ask you to consider that I was the Manager for long years and lost my post many appointments in the development of the Institution and to grant me an interview to show the original papers to your good-self and convince that I am not satisfied in every respect and I am not satisfied with the decision by this small petition and I would particularly request you to peruse this other Gift & Sale papers in my possession.

I beg leave to remain
Honored Sir,
Your most obedient servant,

Ex- Manager, Hindu Mandiram.

Sir,

With reference to your letter No. D. 786/Edn. 330-29-2 dated 16th July 1930 and Memo No. D. 4615 of 29th October 1930 forwarding for report a letter from Mr. M.Sesha charlu, Ex.Manager of the Srinivasamandiram Charities, Bangalore City and the counter petition of the lady manager of the institution and in continuation of this office letter No. D1- 302-21 of 30-31 dated 9th January 1931, I have the honor to submit herewith a copy of the remarks made as the result of his visit by the Deputy Director of Public Instruction, Shimoga in respect of the several allegations made by Mr. Seshacharlu from which it will be seen that there is some room for complaint, as the lady manager appears to be acting for the whole committee which has rarely met. At the same time, it does not appear prima facie that there has been any deliberate mismanagement..

In the circumstances, I am of opinion that it is necessary to reconstitute the committee with representatives from the Education Department, Muzrai Department, City Municipality and the general public. This is likely to ensure the proper working of the institution.

The enclosures received with the two communications referred to above are returns herewith.

ALLEGATIONS MADE BY MR. C.SESHACHARLU AND REPLIES.

No.	Allegations.	Remarks of the Deputy Secretary.
1	Houses belonging to certain minors and Mr.Seshacharlu are said to have been given away by the Janopakari A.Gopalacharlu for charitable purposes.	Mr.Seshacharlu seems to have produced certain records before the District Educational Officer. But it seems to me that the Department or the Government is not the authority from whom Mr.Seshacharlu should seek redress in the matter of civil rights. The course open to him is to establish his claim in a court of law.
2	The President of the Charities Mr.M. Changiah Chetty has too many other engagements to attend to the satisfactory supervision and management of the charities and he relies too much on the lady Manager.	The Managing Committee consisted in 1929 of the following gentlemen:- 1.Mr.M.Changiah Chetty,B.A., Retired Deputy Commissioner, (President). 2.Mr.B.V.Subba Rao 3.Mr.Belur Sreenivasiengar, B.A.,B.L., Advocate. 4.Mr.A.T.Setlur 5.Mr.R.Gopalaswami Iyer 6.Mr.Devudu Narasimha Sastry, M.A., 7.Mr.S.N.Sita Ramiah 8.Mr. S.K.Narasimhiah 9.Mr.W.H.Hanumanthappa 10.Rajakaryaprasakata Rao Bahadur M.Shama Rao, M.A., 11.Sri Srirangamma 12.Mrs.A.Gopalacharlu-A.Singamma (Manager). Of these, Nos. 4, 5, 7, 10 and 11 are said to have ceased to be members since. In their places the names of some 8 persons are said by the lady-Manager to have been recommended to the Deputy Commissioner, Bangalore, for appointment. From what I have been able to know, the constitution of the Committee, its functions, etc., are not defined anywhere. At any rate, neither the Lady-Manager nor the clerk in the institution was able to produce any document. The Committee, although expected to meet once a month, does not meet at all and this the lady-Manager attributes to the indifference of the members. For all purposes, the lady-Manager is the sole managing authority. In the interest of the institution it is very necessary that the Committee should be reconstituted, with an active president and some non-official members. The latter would ensure systematic conduct of the institution. Government are paying large grants to the orphanage and it is necessary that a representative and active committee should be constituted to ensure their proper application. The conditions now are far from satisfactory.

Yes, vide G.O. No 3416-21/Misc 153-16-6 dt 29.1918 Cr

3 The prescribed rituals are not conducted.	No complaints in this matter from any devotee other than Mr. Seshacharlu seem to have been made. From what I see, there are priests and others in the temple adjoining the orphanage. There does not appear to be much truth in the allegation. At any rate, that is a matter for the Mzrai Department to investigate.
4 A large number of boarders are not really orphans and the admission and dismissal of boarders are not regulated by any definite principles.	The power of admitting applicants to and dismissing the inmates from the Orphanage rests entirely with the lady-Manager. She told me that she admitted candidates on the recommendation of respectable people. When it was suggested that admission to and dismissal from the Orphanage was a function of the committee or a Sub-Committee of it, she said that the Comittee had not exercised the power properly and the members were in the habit of recommending their own favourites. There are no definite principles guiding the lady-Manager in admitting the orphans and it is likely that the exercise of the power which, properly speaking, vests in the Committee, has led to many irregularities. On the day of my visit 15 boys and 7 girls were present. The total number is said to be 25 boys and 7 girls. Some of the boys are nearly 20 years old, and even more, and it appears to be objectionable to admit such grown up boys, who can very well find their way in the world, in an institution in which there are both boys and girls and which I believe, is intended for helpless young orphans.
The orphanage building is not used for the purpose for which it was intended, a large portion of it being used by the lady-Manager herself.	It is not true that the lady-Manager has reserved a large portion of the building for her own use. She is occupying a portion of a room room in the downstairs as a bed room and one of the rooms upstairs as a dressing room. Two or three rooms are given to group-up students of Intermediate College and the School of Engineering. If these are sent out of the Orphanage, more accommodation will become available for the youngsters. At present, all of them keep their personal kit in one small room downstairs and sleep in the corridors.
The arrangements for boarding are not satisfactory.	The Boarding arrangements reported in the petition to have been made in a small house opposite to the orphanage have been discontinued. The inmates board on the orphanage premises. But the accommodation for cooking, bathing and messing is very inadequate.

7	The Reading Room and Library are not managed properly. The librarian is an old and incompetent man. No books are bought for the Library and even the special grant of Rs. 25/- was not applied for the purpose. Some valuable books and records have been sold or are lost.	The old Librarian complained against has ceased to function. There is now a young man, who is said to have been work -ing for the last 8 months from 7 to 9:30 in the morning and 5 to 8 in the evening on an allowance of Rs. 15/-. The Libra- -ry and the Reading Room are kept in a satisfactory condition. But the grant of Rs. 25/- is applied for the purchase of newspapers and journals only and occa -sionally also for repairs to the build- -ing. No additions to the Library seem to have been made for several years. A special grant of Rs. 25/- said in the petition to have been sanctioned by Government for the purchase of books is denied by the lady-Manager and the clerk. A catalogue of books is, however, kept.
8	The accounts are not properly maintained	Since there is no scrutiny by the Mana- -ging Committee, it is likely that the accounts are not properly main- -tained. The accounts should be got audited by qualified persons. I was not able to go through the accounts.
9	Construction of a building on a site not included in the endowment.	The last point also relates to claims in respect of certain house properties. It was not possible for me to investi- gate the claim. It is a matter for a court of law.

SIR,

With reference to your letter No. E. 567/Edn. 33-30-6 dated 11th March 1931 calling for proposals for the reconstitution of the committee of Management of the Srinivasa Mandiram, Bangalore, I have the honor to state that the Municipal Commissioner, City Municipality, Bangalore was requested to suggest the names of four gentlemen to represent the Municipality and the Muzrai Commissioner the names of four gentlemen to represent the Muzrai Department and three the public. The Municipal Commissioner has suggested four names ~~as per list enclosed~~. The Muzrai Commissioner has, however, written to say that the committee which is now proposed to be superseded was appointed by the Muzrai Department as per Government Order Nos. 3416-21/Muz. 153-16-6 dated 2nd September 1918 and 961-65/M.F. 153-16-10 dated 23rd September 1918 and that whenever any vacancies occurred in the Committee, action was duly taken by that Department to fill them up. He says that it will thus be seen that the appointment of the committee and the filling up of the vacancies therein have all along been vested in the Muzrai Department and this procedure does not appear to have been superseded by any Government Order. He suggests, therefore, that the question, as to which Department should take the initiative in getting the committee constituted, should be referred to Government for orders. I requ[illegible]

SIR,

With reference to correspondence ending with your letter No.1796/ Muz.dated 31st May 1932 re the future management of Srinivasa Mandiram and connected Charities, I have the honor to forward herewith copy of letter - No.C3-2943/31-32 dated 6th May 1932 from the Deputy Commissioner, Bangalor District, in the matter and state as follows:-

2. The main points in the scheme proposed by the Sub Division Officer and agreed to by the Deputy Commissioner are (i) That the institution may be taken under Government management; (ii) That the several deposits held by the institution in Banks and Co-operative Societies may be transferred to the name of the Comptroller to Government, the interest thereon being paid to the Manager for the maintenance of the charities; (iii) That a committee consisting of the marginally noted gentlemen be entrusted with the management of the charities, it being empowered to elect its own President and Convenor who will also act as Manager, and to form sub-committees for the management of the ~~definite~~ different sections of the charities.

Mrs. Kamalamma.
Mr. Belur Srinivasa Iyengar
Mr. M.H. Hanumanthappa
Mr. S.K. Narasimhaiah
Mr. A.V. Subba Rao
Mr. Balaiya Naidu
The District Educational Officer.
A Representative of the City Municipality.
Mr. B.S.Krishnaswami Iyengar,

3. The efficient management of this institution to which large amount of money are granted by Government, and which owns lands and investments has become a matter of vital interest after the death of Mrs. Singamma. It will not be possible to secure the services of a person possessing same enthusiasm and interest as Mrs. Singamma, and it is therefore necessary that there should be a very effective committee to ~~or~~ work checks by

to in[illegible] the good name of these useful charities.

4. In the circumstances I agree with the proposals of the Deputy Commissioner and recommend their adoption with the following ------ modifications:-

(i) That the management need not be vested directly under Government but should be vested in a committee nominated by Government for a definite period of say 5 years and subject to their ---- control.

(ii) That the President should be a non-official nominated by Government from a panel elected by the committee and should be responsible to Government for the proper management of the Institution.

I would suggest that the first non-official President Mr. Belur Srinivasa Iyengar, who is the senior most Trustee, and who has been connected with the Institution from its inception. I am also of opinion there should be a Police Officer, with full powers, to work under the direction of the President, subject to the general supervision of the ---- Committee and I shall move the Committee and secure all the time necessary to do this unofficially.

3. The Committee may say that expenditure should be incurred according to the annual income in respect of the various branches, those accounts should be kept separate, and that there should be an annual audit of accounts.

4. If any objection is taken to the personnel of the committee are sanctioned by Government, further action will be taken, and definite ---- proposals submitted after consultation with the committee, regarding the pay -- of the Secretary and security to be taken from him, and in respect of the --- annual expenditure.

5. The general observation that the accounts of the charities were not ----- audited by the Auditor of this office as provided in my un-official note dated 15th January 1926 and the committee will be asked to take immediate action to set right the defects and irregularities pointed therein.

6. Early orders are solicited in the matter.

I have the honor to be,

Sir,

Your most obedient servant,

Muzrai Commissioner.

6. " Balaiya Naidu.
7. " The District Educational Officer.
8. One member to be elected by the Municipality

It may also be empowered to form sub committees for the management of the different sections of charities noted in the Sub Division Officer's report, enclosed herewith in original and co-opt additonal members to such sub committees. The proposals made by Mr. Belur Srinivasa Iyengar for the future management of the charities, are also enclosed herewith for your reference. Amin-ul-mulk Sir Mirza M. Ismail Kt., O.B.E., H.C.I.E.
Dewan of Mysore.

Respected Sir,

I beg of you to spare a few minutes precious time to peruse the following and do the

I am an old boy of the 'Srinivasa Mandiram charities', having been brought and bred up there for nine years from 1921, during which time I completed my education, securing the B.A. degree of the Mysore University in 1930. Then I went away to and now I am an M.Sc. in Organic chemistry of the Calcutta University. For the past one month I have been working as a Research Scholar in the Organic chemistry Dept. in the local Indian Institute of Science. I think not it will be exaggerating if I say I achieved this by my own personal exertions, for having lost my much revered father in 1920 when I was quite young and I feel Mr. B.S. Krishnaswami Iyengar Retd. District & Sessions Judge and Mr. A. Srinivasa Raghava the Present Dist. & Sessions Judge of Bangalore can bear testimony to. and to the good reputation of my family also.

Nearly a fortnight ago I saw in the Mysore Gazette, announcement of the Reconstituted Committee for the management Srinivasa Mandiram & charities. The reconstituted Committee, though representative and consists of respectable ladies and gentlemen, I think cannot discharge its obligations better. I am not making an allegation but I feel the members there, at least a few, have numerous activities attendband as such they cannot spare time to do full justice to responsibilities they have to undertaken in looking after the source means of bringing up of nearly thirty students, coming orians stock. Just to give an instance, Mr. W.H. Hammantraya

Mr W.H. Hanmanthappa, a municipal Councillor, a Representative assembly member &c&c, is on the Committee of Srinivasa Mandira & charities for the past nearly five years and as I know, he has not attended one single meeting. During the late lamented Mrs Singamma's management, poor lady, she much laboured under bringing about a quorum of three. In fact, I learn for the past two years, till mrs. Singamma's demise, hardly a meeting or two is convened. In this connection I must say the late messrs. M. ch Chetty and A.T. Sethur did more than any body else, singling out the most disinterested services of Mrs. Singamma.

Another point I like to lay stress upon is, that there is no element of youth thrust into the reconstituted committee and now adays, you know Sir, there is so much talked of on the potentialities of youth and the reformative change they have to bring upon in every walk of life. And hence I like to suggest to put me or any other suitable old boy of the Institution on the committe. In this connection I like to say a few words about the part played me during my Career and the Cordial feelings that exist between me and the late Mrs. Singamma and other numerous sympathisers & patrons of the Institution.

As the senior student I indentified myself in all activities of the institution, both domestic and public. When Mrs Singamma was bed-ridden in the last days of 1928 and in the early months of 1929 I got my mother to do personal services to the lady and during that time I drafted a will & some such thing giving out details as to the monies of the institution and how best they should be utilized be and also directions the future management of the charities. The original the will is in the Mysore Bank and even today I hold true Copy of the above will attested by the late mr. M.cheng then Chetty. The will is attested by all the committee mem and now, Sir, I know they do not know the existence

that will now do they remember they had put in their signatures there. Luckily she escaped the malady then and then later I caused Rs 7300/- to be given over to the Govt. in the form of endowment for the benefit of the charities. The cheque was drawn in favour of the then City Amildar, under the instructions from the Mysore Revenue Commissioner and it is in my handwriting. There are so many things like this to be given an account to and I do like to worry any more. As to my behaviour, my activities the Institution, I think Mrs. & Mr. T. Raja Rama Rao of late Pradhana Shiromani T. Ananda Rao's family can better testify than any body else.

I feel I can remain in Bangalore for at least three more years and so I am very particular of getting into the Committee and see the charities are placed on a sounder and better workable basis and see my past hard-work completed, according to the wishes of late Mrs. Sir. I feel in this connection I must have an interview with you so that I may pay my respects to you in person and give you a better knowledge of the Institution. I very much like to remind you that when late Mrs. Singamma had interview with you in Feb. 1928, I was present there with her in fact it was so with her, I was indispensable to her.

We talk so much of Alma-mater and our duty to her and so I request you to give me an opportunity of serving better in being on the Committee for I feel any voice, outside, will be one, a cry, in the Wilderness. I request you once again, Sir, to permit me an interview so that I can lay bare before you facts and figures of the Institution.

Hope this finds you in the best of health.
Thanking you in anticipation,
